Subject: RE: Monsanto Company 2019 Herbicide Resistance Management Report for the 2018 Season
Attachments: 50827601_Updated_Report_Xtendimax_COR_Mar_8_2019.pdf

Dear Dan and Reuben,

The attached Updated Herbicide Resistance Management Report was submitted via the electronic portal today. Monsanto previously provided the Herbicide Resistance Management Report to EPA on January 15, 2019 (MRID 50758801) that summarized available information from the 2018 season. At that time, suspected resistance testing results were pending for one kochia population (11492908). The attached updated report include supplemental testing results for this kochia population. All testing from the 2018 season is now completed.

Please let me know if you have any question regarding this submission.

Best regards,

Tom Orr
Global Regulatory Affairs Manager

Subject: Monsanto Company 2019 Herbicide Resistance Management Report for the 2018 Season

Dear Dan and Emily,

Please see attached Herbicide Resistance Management Report. The associated submission forms and cover letter are also attached for your reference. This report fulfills the annual reporting requirement as stated in Appendix D as a condition of registration of M1768 Herbicide (XtendiMax® with VaporGrip® Technology, EPA Reg No. 524-617).

The Herbicide Resistance Management Report and all documents attached to this message will be submitted via the electronic portal once the portal is re-opened.

Best regards,

Tom Orr
